## At Tommy More, *you matter.*

Respect, diversity and inclusiveness are embedded in all that we do.

We are a community. We believe that with hard work and the right support network, you can achieve your dreams. Here at St Thomas More College (*Tommy or Tommy More*) you won't sail, you'll soar.

Modern rooms, first-class facilities, a convenient location and a welcoming community feel are just some of the things that make St Thomas More College a great place to live while studying at a University in Perth.

You'll be guided to live more, learn more, connect more, lead more and be more at your new home away from home. Living and learning at Tommy isn't just about convenience, it's about the experience.

**We are more than a degree.**

hello

## WELCOME TO ST THOMAS MORE COLLEGE

We're a residential college with 400 rooms, but once you arrive on campus, you'll see we're a little bit different. We're a big college, but with a tight knit community. It feels more like a family here.

Our students come from rural and metro Western Australia, interstate and across the globe with a shared vision to work hard and achieve their wildest dreams. To live life to its fullest and make a change in this world. And our friendly and caring staff are here to support you in doing just that.

We provide your meals, clean your room and assist you with your studies, so you can focus on what matters – your studies and a fulfilling and memorable University experience.

And once you've settled into college, we'll help foster a growing sense of independence and pride, with personal development, leadership and employment opportunities, as well as an exciting recreational calendar.

We look forward to showing you around our campus and hope to welcome you to Tommy in the future, a place where learning is about more than lectures.

With best wishes for your endeavours now and in the future.

Tom Mitchell  
Head of College

## STUDY AREAS

throughout the College, perfect for quiet relaxation, study or group meetings.

## 154 MODERN STANDARD ROOMS

perfect for first year or exchange/study abroad students. You will get 21 meals/week and enjoy a fully furnished room with shared amenities.

## DELICIOUS SALAD BAR & HEALTHY FOOD

available at every meal to accompany hot options. A vegetarian option is available with all meals, and our kitchen can cater to all dietary requirements.

## SPACIOUS GROUNDS

with wide open grassed areas, an outdoor chess game, hammocks and a half-basketball court – perfect for getting some fresh air.

## 200 STUDIO APARTMENTS

available for second year students and above. Enjoy a microwave oven, kitchenette, air-conditioning and private ensuite, plus seven meals per week. The College also has 45 one-bedroom apartments for post-graduate students.

## GYM & RECREATION AREAS

complete with pool tables, table tennis, cable television, an indoor cinema screen and more.

# live more

## We are your new home away from home.

At St Thomas More College, we take care of the day-to-day things so you can concentrate on your studies and enjoy other aspects of your university life.

St Thomas More College has 400 fully-furnished rooms including 154 standard rooms reserved for first year and study abroad students, 200 modern studio apartments for second year students and above *plus* 45 one-bedroom apartments for post-graduate students. There are also spacious outdoor areas and an abundance of indoor recreation and well-being areas, including a fully-appointed gymnasium, half basketball court, two laundries, mini-theatre, graduate lounge and more.

Life at Tommy is about so much more than having a well-appointed room – Matilda Bay is in sight, University of Western Australia (UWA) is at your front doorstep and Kings Park is your backyard.

Four kilometres from the Perth Central Business District, seven kilometres from lush white sand at Cottesloe Beach and an abundance of public transport right outside the College doors for you to travel to various shopping precincts. At Tommy, you're never far from where you want to be.

With our delicious and healthy dining options at our dining hall, spacious grounds and on-site amenities, you'll have more time to live, while we look after everything else.

When I reflect on moving to Tommy, I realise it was the best decision I have made. Moving away from home is a big leap into adulthood and Tommy created an environment in which I instantly felt welcomed. From sports to social events, to our volunteering program, there is something here for everyone to be involved in.

If it wasn't for Tommy, I wouldn't have met some of the most influential people in my life, from staff to students. Tommy encourages and provides you the opportunity to form friendships that I know I will have for a long time.

### Phoebe Coulthard

Bachelor of Secondary Education, University of Notre Dame

# play more

## **Our body is a temple. We love sports.**

Our students have the opportunity to participate in a range of sporting teams from football to ultimate frisbee, within inter-college competitions, and friendly inter-wing College activities. There's something for everyone. At Tommy, it's about camaraderie and spirit. It's about cheering on your team mates, and getting involved.

With a dedicated Wellbeing Resident Advisor, the physical, emotional and spiritual well-being of our residents is a core part of Tommy life. Our Head and Deputy Head of College live on campus with their families, and together with our team of Resident Advisors, are here to help you settle into college life and provide pastoral care 24/7.

Our residents come from many faith backgrounds, but spiritual guidance is also never far away, with regular Student Mass evenings and the support of our Campus Chaplain.

To say the least, my experience in Tommy More far surpassed my expectation of what living in college is like. I was excited for a fresh start and to meet new peers. O-Week will definitely be one of my highlights, within 10 minutes of moving my belongings from the car to my room, I made new friends.

Other bits of fun that comes with living in Tommy is the formal dinners which is always a treat and inter-college sports competition.

# connect more

## At Tommy, you'll make lifelong friendships.

Life alongside 399 other students is quite simply, amazing. It builds friends for life and bonds like no other. Joining our community begins at Orientation Week and extends throughout your time at the College, where you'll be welcomed with open arms by our amazing community.

Tommy More is like a family. We are all here for one another. And our staff are here to support all residents on campus.

At Tommy, we believe in respect, inclusiveness and celebrating diversity. We believe that everyone matters. We also have a vibrant social calendar of events from movie nights to river cruises, formal dinners to intimate receptions to help you transition into independent life.

Tommy More fosters leadership opportunities and student connection through a Student Club Committee, who are elected by the students and, with the support of St Thomas More College, co-ordinate the social calendar for our students.

Community is at the heart of everything we do at Tommy More. Nobody gets left behind.

Unlike many Tommy More residents, I am from Perth. People often ask me, why would you move to College if you live so close? The Tommy experience.

Being at Tommy during Uni has been the best years of my life and makes University feel less like work and more like fun. It can be really hard meeting new people at University due to short class times and irregular hours but being at Tommy allows you to meet way more people and embrace Uni life to the fullest. Additionally, Tommy consistently has the most attendance by far at every inter-college event, which demonstrates the tight-knit community you become part of when you join Tommy.

# be more

**Oscar Romero challenged us with these words: “Aspire not to have more but to be more.”**

What makes Tommy More different is our amazing Outreach program. Our students are challenged to develop a sense of justice and social concern. Through the Tommy More Outreach Program, the College seeks to foster a passion for truth and justice, and nurture each student’s compassion and love for their fellow human beings, especially those for whom life has presented many obstacles.

The Tommy More Outreach Program seeks to engage members of the College community in meaningful service experiences which challenge and teach them to be agents of social change, committed to the creation of a just and compassionate world.

The opportunities to get involved are diverse. In addition to our own Op Shop and annual Community Market Day, our residents participate in a wide range of fundraising activities. From blood donation drives, the World’s Greatest Shave, volunteer work at the Ronald McDonald House Charities and raising funds for breast cancer. Every year, selected students take a (self-funded) trip to Cambodia to work with the Arrupe Centre and Lidy House, to help rural children there receive an education.

Tommy More Outreach is all about giving of ourselves to others in order to become more ourselves. You will find a greater purpose through our Outreach Programs which adds value to your resume. At Tommy, we are more than a degree.

I didn’t realise at the time how good of a decision it was to come to Tommy. It has changed my life, providing so many amazing experiences and opportunities. The friends I have made here are friends that I believe I will have for life. Social events, help with academics, a good support network – the College has everything you need. Tommy More is my home.

## At Tommy, you won't change, you'll grow.

St Thomas More College will provide you with the tools to succeed. We offer students a number of leadership and employment opportunities at College.

This includes the Student Club, a student-run body within the College, charged with organising a number of events for students each year, as well as providing useful means of communication and dialogue between the College and its students. It is also responsible for organising our annual participation in various Inter-College functions and events, such as the College Ball, and the Inter-College sporting competitions.

Resident Advisors are appointed by the Head and Deputy Head of College and provide a safe and nurturing point of connection for the students under their care. They take an active interest in all aspects of students wellbeing, including academic, spiritual, sporting and cultural support.

Success takes determination, hard work, and the right guidance. Our preparation for Leadership Development Program, alumni networking and mentoring opportunities are able to guide our residents in their pursuit of a career. The Graduate Association at St Thomas More College aims to up skill and provide opportunities for senior students to bridge the gap between their University studies and the professional world.

At Tommy, we are here to help you become real-world ready.

Living at College has encouraged me and motivated me to push myself out of my comfort zone and try new things. Tommy has also provided me with endless opportunities to grow as a person and become the best version of myself as well as giving me various opportunities to give back to others.

Looking back on the person I was before I moved to Tommy versus the person I am today after living at College for a year, I can see such a change within all aspects of myself. I am a happier and more confident version of myself.

I've achieved so much in such a short period of time here at Tommy and I'm very excited to continue my time living at college for the remainder of my degree.

## Learn more

### **Your lectures are just the beginning.**

We are here to help you succeed. Your room comes complete with a study desk and enough shelf space to satisfy even a medical student, as well as unlimited internet access.

Of course, we also know that there will be plenty of times when your own four walls will be the last thing you want to look at. Tommy More has multiple study rooms and lounges to help students who wish to get out of their room, or study together in groups.

And if you want fresh air while you work, we often see students – alone or in small groups – sitting out on the lawn or in the Piazza during the better weather, laptops and textbooks spread before them.

Need some extra help? We've got you covered. Our College provides complimentary weekly academic support where a wide variety of tutoring subjects are covered. There is also an option of one-on-one tutoring for students seeking additional guidance.

Our experienced staff have worked alongside university administration for many years, which means we can help with the ins and outs of dealing with schools and faculties.

I have lived in College since the first day I started at UWA. There was a language bridging course to help me familiarise myself with the University and community. Now, I can say Tommy helps me more with it. The amazing College orientation and friendly RA's, committee members and my neighbours help me forget being homesick. They are warm and this helps me power on in my university life.

Bachelor of Science, University of Western Australia

**Here are 5 unique things why you should consider living at St Thomas More College.**

**Making decisions - find support in the decisions you make, always!**

Living on campus gives you a lot of independence and this new-found freedom is awesome but can often be quite daunting. College helps in the decision-making process by providing support all year round. Whether it is emotional, academic or social support, we are here for you. Also, having people around you who are going through the same thing can be comforting and can allow for you to feel at ease when faced with multiple decisions, together.

**College pays particular attention to your safety.**

Your safety is of huge concern to us and we continue to make our grounds as safe as possible with regular upgrades and maintenance. Our security gates surround our grounds and RFID access cards only allows residents and staff to enter. This gives you the peace of mind and in control of who enters our College.

**O'Week - A week dedicated to YOU!**

Who wouldn't want to join in on a week that is all about you! From university tours, to scavenger hunts, fresher festival and other fun activities to get you accustomed to living out of home - we know just how to get you feeling comfortable on unfamiliar grounds. It is also a great opportunity for you to make new friends and create fond memories!

**We can help you find a balance**

Assignments, tutorials, lectures, social life, sport, music, gaming, meal prep, rent, bills, shopping - it sounds like a lot doesn't it? Tommy helps to take the stress out of balancing aspects of life. Our students who are in second year or above on the Student Club and as Resident Advisors help arrange social events and sport so you don't have to - all you have to do is make yourself available if you choose to attend.

They are also happy to help schedule your busy life with you if you are unsure about how to find a balance. Resources at College are way easier to obtain as we want you to succeed at Tommy!

**Making friends is easier - take the time to meet your roommates and hallmates.**

Sometimes making friends can be challenging. At Tommy, we provide you with the opportunity to make friends easily. Your friends are just a doorstep away or down the hall in the study room or in the dining hall or in a common room. It's fantastic to have peers as neighbours and Resident Advisors that care about you should you ever fall ill or feeling homesick as they get you. One of Tommy's most unique features is that all of our rooms are single - you are still able to have your own space when in need of some down time. The rooms are ready for you to add your own unique flare, to make it your new home away from home.

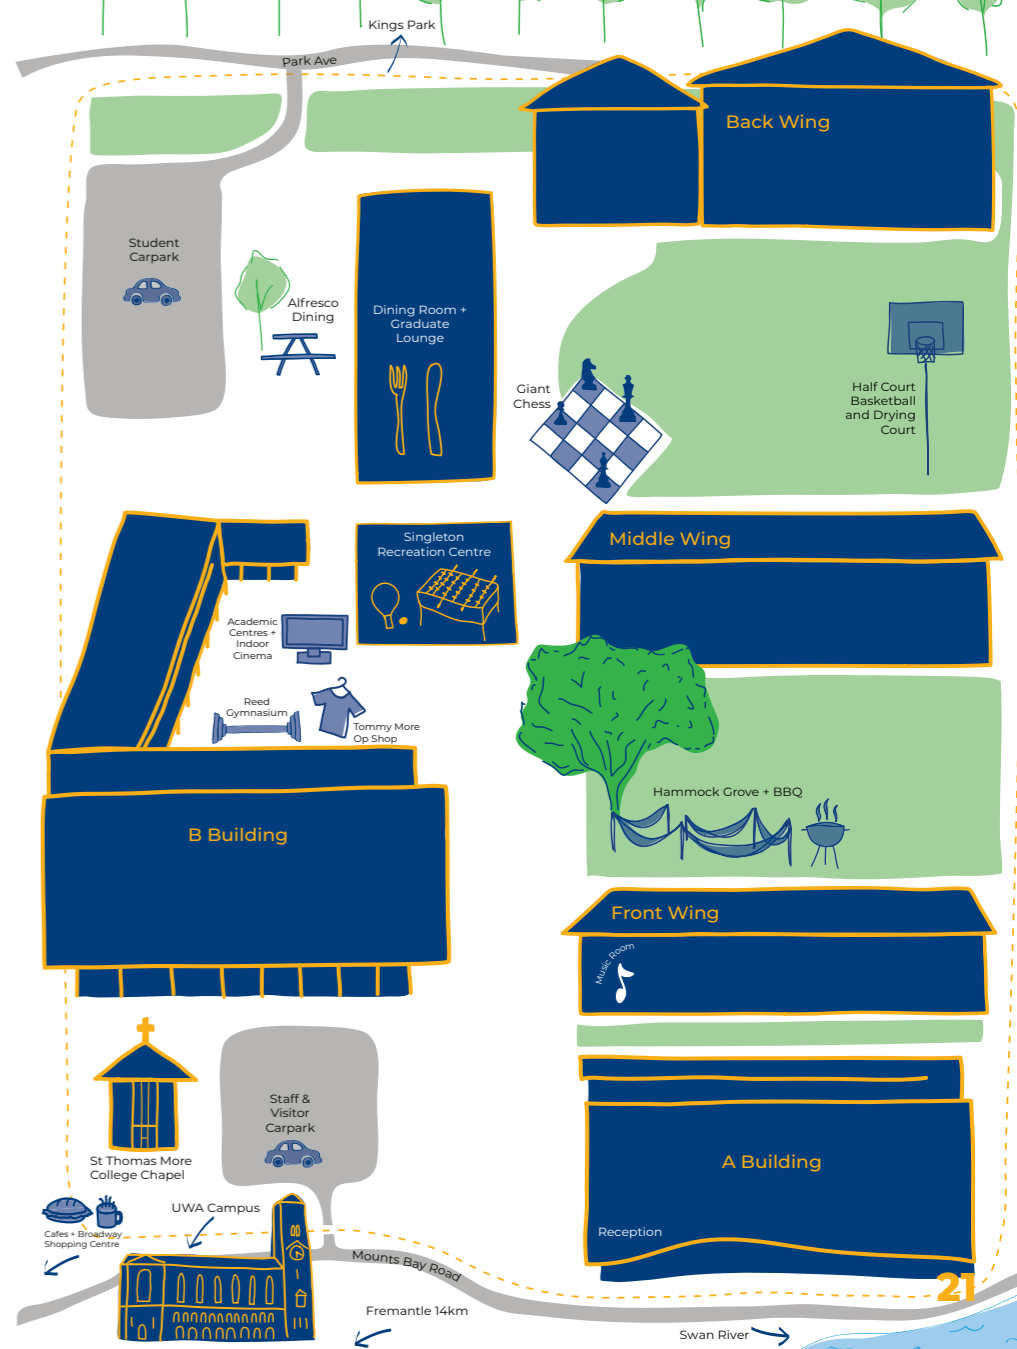

**If you have decided that living on campus might be of interest to you, here are a few tips:**

**APPLY EARLY.**  
Yes! Don't leave it until you have your University offer before you apply as most of our places will have been filled by then.

**NOT ALL COLLEGES ARE CREATED EQUAL.**  
What makes Tommy More different is our amazing Outreach program. We are committed to supporting young people less fortunate than ourselves, through our fundraising, mentoring and other programs. Check out our website to see the difference but nothing beats seeing us in person!

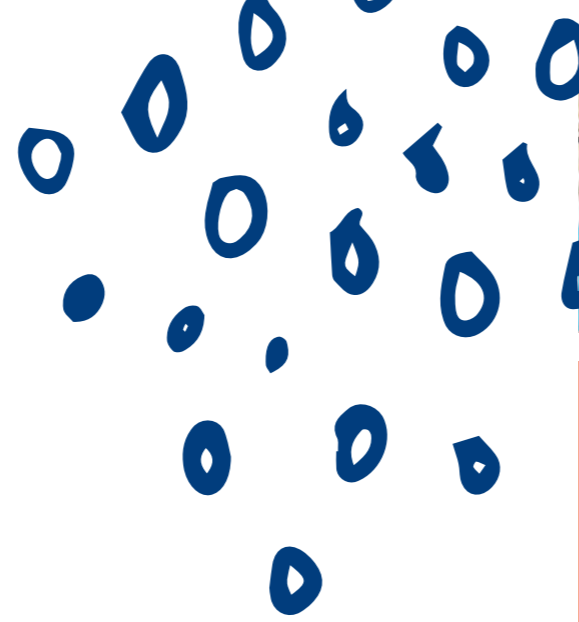

**VISIT THE COLLEGE IN PERSON.**  
Visit us or any prospective Colleges for yourself next time you're in Perth to get a sense of what the place is really like. You'll soon learn if you like it, and no doubt you'll quickly realise that college life is incredibly enriching and fulfilling.

**College Map**

# college life vs share house

## LEADERSHIP OPPORTUNITIES

The information you learn in lectures is only the beginning. Students at College have the opportunity to put their hand up for a number of leadership roles including the Student Club Committee, Resident Advisor roles, leaders of clubs and societies and student mentors. This will boost your resume and add to the employability of students, post graduation.

## 10 REASONS LIVING AT COLLEGE BEATS LIVING IN A SHARE HOUSE

No doubt people will tell you over and over again that your University days are some of the best days of your life. Whether you're at University now or it's on your radar for the future, at some point you'll need to think about where to live while you study.

This is especially true for students who live in rural areas, however a growing number of metro students are also choosing to live at College while they study for the additional opportunities, friendships and time savings the lifestyle has to offer.

## CAREER CONNECTIONS

Many students from Tommy More maintain a strong connection with their College. After all, this was arguably the place they lived during the best years of their life. As they've progressed in their careers many have returned to share their expertise with students on campus as 1:1 mentors, presenters and networking contacts. Their industries are diverse and include an array of professions.

## HELPING OTHERS

Tommy students are driven to help others and as such are actively involved in a number of Outreach Programs. As well as encouraging students to become good community citizens, student volunteering provides an edge over other graduates, and can often be added to academic transcripts.

## LOCATION

College is SO much closer to University and nothing beats being able to roll out of bed 10 minutes before a lecture with no stress about parking. Tommy More is also situated across from the Swan River, adjacent to Kings Park and only moments away from Perth City and Cottesloe Beach.

## ACADEMIC ASSISTANCE

Another benefit of living with another 399 students is that often, you'll find someone else studying the same course as you and if you're struggling academically, Tommy More offers students free academic tutoring. The College also has regular Nerd Nights. These nights entail tutors for a collection of topics with hot chocolate on tap provoking conversation about your field of study.

## FOOD

Cooking for yourself is a thrill... for about a week until it becomes a drag when it sets in that you have to buy ingredients, cook for yourself and wash up at every single meal. At Tommy More, students in standard rooms have the luxury of 21 delicious meals per week. While students in studio apartments have options from 7 meals per week and one-bedroom apartments include 2 meals or have the option to add more.

## COST

When comparing the rent of a unit or share house to College it is easy to look on the surface at the rental cost only. These often exclude electricity, water, gas, internet connections and your meals (a BIG expense). Then there is also the cost of petrol, parking permits, furniture and gym memberships to name a few... *the list goes on!*

At College most expenses are included. St Thomas More College offers studio and one bedroom apartments under a scheme called NRAS (The National Rental Affordability Scheme), which basically means that as part of a Government initiative prices must be offered at a minimum of 20% under market value.

When you look at the total cost and the inclusions, College provides a more holistic, very cost-effective and stress-saving opportunity for University students in Australia (there are plenty of years ahead to live in a share home!).

## FRIENDSHIPS

Making friends at University is one thing, but getting to live alongside your best friends during your study years is life-changing. There is something special about the shared experiences and supported independence students experience at College. College students make incredibly strong bonds and become lifelong friends.

## EXCHANGE BUDDIES

Colleges are often filled with not only domestic students but people from across the globe bringing culture and vibrant energy to campus. Making friends with overseas students provides a more rounded and global outlook on life.

## THE MEMORIES

From memories of the River Cruise, end of semester events, and formal dinners, to even the more mundane experiences such as lunch conversations in the dining room, chilling in hammock grove or walking to University, living at College offers students a wealth of unforgettable and memorable experiences.

# FAQs

## **Do you need to attend University of Western Australia to live at Tommy?**

No, you can be studying at any of the five universities in Perth. St Thomas More College has a bus stop directly outside the doors that offers convenient transport, and when you arrive, often one of our friendly students attending that university, will take you under their wing and share their travel tips with you.

## **Do I have to be a Catholic to stay at St Thomas More College?**

No. We have students from a number of different faiths and backgrounds residing here each year.

That said, our Catholic values are at the heart of everything that we do, and we have a supportive and thriving community at St Thomas More.

Mass is celebrated in beautiful surroundings, lit by stained glass windows imported from Ireland when the College was founded in the 1950s. There is no compulsion on students to attend Mass at any stage, although many choose to attend on a Sunday evening.

On occasion residents are offered an opportunity to participate in a retreat or reflection day. This is an opportunity for residents to come away from the stresses and tensions of university life, and to spend some time together reflecting on their life journey and their relationship with God. This experience is open to students of all faith traditions and the opportunity for respectful sharing of perspectives is always facilitated.

## **How do I apply for Tommy More?**

Applying for Tommy is easy and our friendly staff can assist you at each step. To begin your application, you simply need to complete the online form at the UWA Residential Colleges Central Applications Portal and select St Thomas More College as your first preference. Once you have registered, and paid the small application fee for UWA, our admissions team will contact you to assist you with the next step. A detailed application process is listed on our website.

## **Who do I contact for help with my application?**

For assistance regarding the UWA Residential Colleges Applications portal, contact the UWA Residential Colleges Admissions Officer on +61 8 9488 0920, or email [residentialcolleges@uwa.edu.au](mailto:residentialcolleges@uwa.edu.au).

If you would like to know more about Tommy More, you can send us an email at [admissions@stmc.uwa.edu.au](mailto:admissions@stmc.uwa.edu.au) and we'd be happy to help.

## **How are applications processed?**

At St Thomas More College, priority is given to students intending to apply for a full-time, full year course at UWA, although applications from students attending all five Perth universities, as well as technical colleges such as TAFE, with a view to attend university are certainly welcomed. The College does accept a limited number of single Semester enrolments, but these are reserved for exchange and study abroad students as well as current residents who will be graduating mid-year.

## **Do you offer scholarships and bursaries?**

Yes, we do! Each year, St Thomas More College provides a number of scholarships and bursaries, however, these are offered to students who have already applied to attend the College, and awarded at the beginning of Semester 1, so please don't hold off your application until you hear news of our scholarships.

Our College is also committed to ensuring we provide all students with the best possible rates at the most affordable price, and hence, rather than just reward the gifted and talented students, we aim to spread the load across all our residents.

## **What is the ratio of students at St Thomas More College?**

Our College has an even ratio of male to female students, and a 60:40 ratio of domestic to international students.

## **Can I visit the College to take a look around?**

Yes, we would love to welcome you for a tour. Our friendly staff will be happy to show you around the grounds, and let you see a selection of rooms (subject to availability). Prospective residents and their parents are advised to refer to our website to view the Virtual Tour or to Book a Tour.

## **Is there an advantage to applying early to St Thomas More College?**

Yes! Don't leave it until you have your UWA (or other university) offer before you contact us, as most of our places will have been filled by then.

Get in early, and we may make you a conditional offer, guaranteeing you a place if you accept an offer from your university of choice. Applications are generally accepted through the UWA Residential Colleges Central Applications Portal 12 months in advance, which is when we recommend you apply.

If for any reason you do not become a full-time student at a university in Perth, we will reimburse your non-refundable deposit of \$1,000 that secures your room (and comes off your total cost on arrival).

## **Is living in College more expensive than living out?**

We don't think so, and we believe that attending College offers so much more than just convenience, amenities and affordable living.

What price can you put on living in the heart of Perth? What price can you put on the leadership and personal development opportunities College affords, the delicious food and worry-free lifestyle, academic support and lifelong friendships you'll make? We think those things are priceless and encourage you to consider the true benefits of College life outside just finances.

## **Does St Thomas More College have a curfew?**

No. Students are free to come and go as they please. The only condition is that residents are respectful of others on campus and in neighbouring colleges as they come and go.

## **Do I have to pay extra to receive tutorial assistance?**

No, the College will arrange appropriate tutorial assistance for students who require it free of charge. Students who think they would benefit from assistance in any particular subject should contact the Deputy Head of College, who will make appropriate arrangements.

## **What is NRAS?**

The National Rental Affordability Scheme (NRAS) is a partnership between the Australian Government and the states and territories to invest in affordable rental housing.

The Scheme seeks to address the shortage of affordable rental housing for low and moderate income households.

It does this by ensuring that NRAS accommodation is rented out at a rate that is at least 20 per cent below the market value. St Thomas More College has 245 NRAS apartments available. The Scheme has a number of terms and conditions relating to admission and eligibility that St Thomas More College must adhere to.

Visit our website to learn more about whether you are eligible for NRAS accommodation at Tommy.

## **I'm thinking of taking a Gap Year. What should I do?**

Students considering taking a gap year should apply as if they were entering university in the coming academic year. If you receive an offer and then decide to accept the offer but defer in order to take the gap year, your position for the following year will be secure and you do not need to pay until the year before you attend.
